CHERRY BEACH PRESERVATION AND EXPANSION

**Saturday, February 24, 2018

Chikaming Township Center
13535 Red Arrow Highway

Chikaming Township has a unique opportunity to preserve and expand Cherry Beach by acquiring a tract of adjacent land that will increase the Township's available public beach property 50%.

The Chikaming Township Park Board has requested the Township pass a resolution on March 8, 2018 to support the pursuit of a MNRTF grant from the Michigan Department of Natural Resources. A successful grant award will provide significant funding for the purchase.

Your voice is important to the project. The Special Meeting is an opportunity to learn more about the potential acquisition and make brief comments.
